The purpose of this addendum is to announce the correction of various minor errors in the original documents.

The most important of these errors is around dates. On page 4 of the Program Opportunity Notice and the table of content of the Application Manual there were errors that may have caused confusion about the year of those dates. The correct dates in question are:

Proposal Due Date: **February 10, 2009 at 4:00 p.m.**

Proposal Workshop: **January 9, 2009 at 10:00 a.m.**

Edits have been made on pages 2, 3, 7, 8, A-1, A-2, E-1, E-2, J-1 and PON page 4.
